Thank you for your letter of 31 May expressing OTREK's appreciation for the assistance given by IRD and the Know How Fund over the past three years.

The Know How Fund has followed with interest the development of OTREK during the project duration. We were most encouraged by the commitment of the management and staff to becoming a modern management centre offering an impressive range of products. And we are glad that we have been able to contribute to OTREK achieving the status of one of the leading training companies in Poland. OTREK's achievements were also noted by our Foreign Office Minister, Doug Henderson, when he visited the Centre last spring.

The Know How Fund too is very grateful for the assistance given by IRD in helping OTREK to become such a successful enterprise. The close working relationship between IRD consultants and the OTREK management team has been a fine example of Polish-British co-operation, achieving common goals through mutually agreed objectives.

Although official assistance has now ended, we will continue to maintain an interest in your activities. We would also be glad to involve OTREK in other British projects if suitable opportunities arise.

---

On behalf of the Embassy and the Know How Fund for Poland, may I send my good wishes to you and your team for continued success in your forthcoming ventures.

Robin Barnett  
Deputy Head of Mission
