To Whom It May Concern

I am writing to recommend the services of Modern School in Olsztyn/Poland.

Our company: In-Service Teacher Training Office in Olsztyn has been cooperating with this language school since February 2015.

We organise English courses for the teachers from our area and Modern School gives us highly qualified teaching staff and takes care of the whole teaching process. The school provides the learners with books and other materials. During the courses, the teachers from the school use efficient and interesting methods to motivate their students and to make the whole process the most effective. The courses are conducted at different levels from very beginners to advanced learners.

Teachers can take PTE English General Level 3 Exam at the end of the course if they reach B2 level. All the teachers from Modern School are well prepared and trained as examiners and the result is excellent. About 95% of those who decide to take this exam, pass it. Moreover, all the learners are strongly supported and motivated and get some advice from the teachers whether they are ready for the exam or not. Otherwise, they are offered extra hours of preparing for PTE General.

All the teachers taking part in our courses are extremely satisfied. Modern School does an excellent job.

I can recommend Modern School as a solid and reliable school and experts in their field. We hope to continue our cooperation.

I am happy to provide further information if required.

Yours faithfully

Waldemar Żakowski
