## Recommendation for Mr. Przemysław Piechota and Mr. Marcin Pawlak

I would like to recommend the services provided by North East Group Sp. z o.o. from March to September 2020, in the course of which Mr. Przemysław Piechota and Mr. Marcin Pawlak created a strategic development plan for Office Depot Svenska AB.

Their work focused on:

- market analysis and the company's strategic position analysis
- financial data analysis
- business model optimization
- establishing strategic development goals
- creating a comprehensive financial model and analyzing the impact of the implementation of the new strategy on the company's financial results

At no one time have they failed me, and they have always been on time, making them a reliable partner to us. Their knowledge and experience as well as opinions and conclusions greatly contributed to the business transformation process. I have had a good experience with them and strongly recommend their services.

Sincerely,

Frank Momme Egholm

Owner and CEO
