Dear Katarzyna Drzewowska,

Thank you for renewing your status as a WSET Approved Programme Provider.

I am pleased to confirm that WINEDUKACJA SP. Z O. O. 1646 is now approved to offer the following qualifications in Poland until **31 July 2025** as stated on the enclosed APP certificate.

Level 1 Award in Beer  
Level 1 Award in Wines  
Level 2 Award in Beer  
Level 2 Award in Wines  
Level 3 Award in Wines

The entire WSET team is excited to welcome you to our new academic year. As always this will bring some changes to our forms and the APP Handbook.

The most recent edition of our APP Handbook and administration forms will be available on the APP Global Campus ([www.wsetglobal.com](http://www.wsetglobal.com)) from the 1st of August 2024. We recommend that you take some time to review the updated version of the Handbook as we annually make changes to bring it up to date with current policies. It is also your responsibility to ensure that all staff at your APP are kept up to date with the information required to run WSET courses and exams. Should questions arise, please contact [QA@wsetglobal.com](mailto:QA@wsetglobal.com) for guidance.

Please plan on downloading the most recent version of WSET administration forms from the Global Campus on 1st of August 2024. We can process your change requests much more quickly if you use the correct forms. The current specifications for each of our qualifications remain available on our global website under the [qualifications menu](#). If there are any changes to our qualifications or administrative procedures over the course of the year, we will let you know through our APP Updates which you should receive by email. If you are not receiving this regular update, please check your spam folder or contact us at [QA@wsetglobal.com](mailto:QA@wsetglobal.com) to update your contact information.

If we can be of any further assistance, please do not hesitate to contact us.

Wishing you every success in the new year!

Yours sincerely,

Nicola Merchant,  
Operations Director, WSET
